U-ACT ISWA UNIVERSITY PROGRAM

YOUR CAMPUS CAN LEAD THE CHANGE

The **International Solid Waste Association** (ISWA) is a **global, independent network** for the **waste and resource management** sector, connecting professionals, cities, and organisations around the world.

Through the **ISWA Youth Program U-ACT**, universities can join the ISWA network to take **practical action on campus waste**, empower a **student club** to lead it, and give students a **platform to learn from practitioners worldwide**. Start where you are, with what you have.

Get involved with U-ACT!
